

CONGRESSIONAL BUDGET OFFICE COST ESTIMATE

February 29, 2000

H.R. 2484

A bill to provide that land which is owned by the Lower Sioux Indian Community in the state of Minnesota but which is not held in trust by the United States for the community may be leased or transferred by the community without further approval by the United States

As ordered reported by the House Committee on Resources on February 16, 2000

CBO estimates that implementing this bill would have no significant impact on the federal budget. Because enactment of H.R. 2484 would not affect direct spending or receipts, pay-as-you-go procedures would not apply. H.R. 2484 contains no intergovernmental or private-sector mandates as defined in the Unfunded Mandates Reform Act and would impose no costs on state, local, or tribal governments.

H.R. 2484 would allow the Lower Sioux Indian Community to lease, sell, or convey any land held by the community that is not held in trust by the United States. Current law requires Congressional approval before tribes may convey land that is not held in trust.

The CBO staff contacts for this estimate are Lanette J. Keith (for federal costs), and Marjorie Miller (for the impact on state, local, and tribal governments). This estimate was approved by Peter H. Fontaine, Deputy Assistant Director for Budget Analysis.
